Bellissa

Bellissa is the undisputed queen of the interior, perfect for those who are not afraid of bold design and distinctive details. Does that match you? Look at these characteristic creases - they give a glamorous look in combination with velour material and decorated, high legs. Soft, spacious seat cushions filled with a special silicone compound and loose back cushions are a promise of rest and relaxation. This sofa consists of two separate modules, which make it very easy to transport, and with a little creativity, this may come in handy in your interior design. It is, in a word, so unique that cannot be left unnoticed. Going to take it home?

What makes the Bellissa sofa stand out?

They make the seat more flexible and provide excellent underlying support for a highly flexible foam layer.

You can choose the fabric from dedicated series, including easy-to-clean fabrics.

The upholstered back allows you to put it in the middle of the living room.

The highly-flexible foam improves the durability and elasticity of the seat, preventing deformations.

The ergonomic and comfortable design of the backrest and seat perfectly fits the curve of the human body.

The series comes with several colours of legs. Choose your own colour. Do you want to buy the same legs for a chest of drawers? Of course, you can!
